*Peru still remains one of the Latin America countries with the **LOWEST INFLATION RATE***

Peru borders its coast with the Pacific Ocean. It borders to the North with Ecuador and Colombia, to the East with Brazil and to the Southeast with Bolivia and Chile.

With a total area of 1,285,215.60 kms², Peru is the third largest country in South America after Brazil and Argentina.

It has rich deposits of Copper, Silver, Gold, Lead, Zinc, Natural Gas, Petroleum and Urea.

Due to climatic variations in its regions, as well as its natural and cultural resources, it is internationally classified as a megadiverse country.

Peru has a population of 34.2 million people and for the last 10 years the Peruvian economy has been booming.

The Peruvian economy accumulated growth of 3.3% between January and April 2025 which lays the foundations for economic consolidation in 2025.

According to the International Monetary Fund (IMF), Peru is considered a rising star that is part of the new wave of leading emerging markets, and today it has solid fundamentals, a policy framework and a prudent macroeconomic approach, all of which allow it to enjoy sustained growth and low vulnerability.

Figas & Vehigas is the largest trade fair in Latin America, organized every two years since 2024 to promote the sale of Equipment, Supplies, and Services for Industrial, Residential, and Vehicle Gas.

The Exhibitors are international and local Manufacturers, Distributors, and Suppliers of these products.

The Visitors include Owners, Directors, Managers, Supervisors, Chiefs, Technicians, and Specialized Personnel from the following institutions: Airports, Associations, Banks, Casinos, Shopping Centers, Clinics & Hospitals, Clubs, Schools, Construction Companies, Embassies & Consulates, Armed Forces & Police, Government Entities, Hotels, Importers, Real Estate Companies, Mining Companies, Municipalities, Fishing Companies, Restaurants, Service Stations, Conversion Workshops, Taxi Companies, Transportation Companies and Universities.

The Peruvian market for Gas Equipment is very large and competitive, with a wide range of both local and foreign brands.

Peru has a generally open market. There are no barriers or restrictions on imports, and foreign currency can be freely exchanged.

The importation of Equipment and Supplies is subject to the payment of Import Duties plus an 18% General Sales Tax (IGV).

However, samples for exhibition purposes may be temporarily imported into Peru without paying Import Duties or providing a Bank Guarantee.

Around 5,000 top-level Visitors from Peru and Latin America, as well as 120 Exhibitors, are expected during the three days of the Event.
